MANUEL CASTRO PEINADO

JUNIOR MULTIPLATFORM & BACKEND DEVELOPER | JAVA & SPRING BOOT

Seville, Spain · +34 622 52 25 92 · m.c.peinado2006@gmail.com

PROFILE

Multiplatform and Backend Developer with a background in Mobile Application Development and Computer Engineering. Interested in designing and developing scalable software across multiple platforms, with a focus on backend architecture, REST APIs and databases. Proactive, quick to learn, and committed to clean, maintainable code and continuous improvement, particularly in Java, Spring Boot and modern development technologies.

WORK EXPERIENCE

Junior Developer CTE Arquitectos

- Developed an appointment scheduling and management system to organize bookings and maintain client information.
- Designed and managed databases to store, retrieve, and update appointment and client records efficiently.
- Implemented backend functionality and data management processes using programming and database development skills.
- Applied Java and Python to support application logic, data processing, and system integration.
- Focused on data consistency, maintainable code, and reliable application functionality.

Junior Developer PuntoJS Estudio Creativo

- Developed and maintained mobile applications, contributing to application functionality, user experience, and backend integration.
- Designed and implemented APIs to connect applications with backend services and databases.
- Applied programming knowledge in Java, Python, and Groovy to support application development and integration.
- Collaborated on debugging, testing, and improving application performance and code quality.

EDUCATION

2026–Present Bachelor's Degree in Computer Engineering — Universidad Internacional de La Rioja (UNIR)
2024–2026 Higher Vocational Training Degree in Mobile Application Development — Grupo Studium
2022–2024 Science and Technology Baccalaureate — IES Murillo

LANGUAGES

Spanish: Native | English: B2 | French: B1

TECHNICAL SKILLS

- Backend & databases: Java, Spring Boot, Hibernate, REST API development, MySQL, MongoDB.
- Languages & tools: Kotlin, JavaScript, Groovy, Android Studio, Git, GitHub, MySQL, Maven, Eclipse, Ubuntu, Spring, HTML5, CSS, XML, PHP.
